New Bern District

North Carolina Annual Conference

Southeastern Jurisdiction

The Methodist Church

1950 - 1959

There were 118 churches in the New Bern District in 1950. In 1954, twenty charges were transferred to the newly - formed Goldsboro District and two charges were transferred in from the Wilmington District. One church was closed in 1954 and is not included in this report.

Nine new churches were organized between 1950 and 1959. One charge, transferred to another district in 1959, is included in the report of this district, as is one church which was closed in 1959. This report includes 94 churches which were in the district at the time of the 1959 conference.

The New Bern District includes the Methodist churches situated in Carteret, Craven, Jones, Lenoir, Onslow, Pamlico, and Pitt Counties. There are four fringe churches in Beaufort County, one in Duplin, and one in Hyde. Lenoir County has six fringe churches in another district, Onslow has two in another, and Pitt seven in two other districts. Church location and county numbers are as listed in the Journal.

The District changed superintendents in 1951 and 1956.

PRODUCTION STORY is a ten-year record, by counties, of the churches which were in the district at the 1959 session of the Annual Conference. A full page is given to each church, and following the churches of each county there is a summary page showing totals for the county as a whole. A few churches in the district are situated in counties where most of the churches are in other districts. These are classified as fringe churches and carry their own summary page at the end of the book.

Complete reports for circuit churches were not published in the Journal until 1955. Regular reports, Tables 1 and 2, were given for charges only, which were complete as to station churches. In addition, the Journal carried a supplementary table, Table No. 3, showing a few of the more important items for circuit churches. Therefore much detailed information is lacking, and where it is indicated in the items of this study it is marked as "not given."

In a few cases the information was called for but was not given in the pastors' reports. For example, some pastors reported church school and other data for the circuit as a whole but not for the individual churches. Several reported a Woman's Society of Christian Service without giving the number of members. Such omissions were of necessity reported as not given, sometimes with the abbreviation "n. g."

Removal of names from church membership rolls by order of the quarterly conference was not reported until 1957. These were included in the transfer column, under "Transferred to other Methodist churches and discontinued."

The 1954-1955 conference year consisted of only eight months, due to a change in the time of meeting of the Annual Conference. This is reflected in the comparatively low figures seen for that year in membership change and in moneys raised.

No correlation is found between church school enrollment and average Sunday school attendance, for the reason that "church school" includes Sunday evening and weekday meetings, extended sessions, vacation church school, leadership education agencies, and many other activities and organizations of the educational program in addition to the Sunday school. (See Discipline, 1956, par. 243, for complete list.) Sunday school enrollment has not been reported separately since 1952. This study combines nursery and adult home members in a single column under the heading, "Home."

All finances are reported to the nearest dollar. Parsonages as well as churches are included in the columns "All indebtedness" and "Amount raised for buildings and improvements." Limited space does not permit a report of all financial items for each church. However, the first five items of money raised include practically everything raised for local work. The grand total for all purposes, less the sum of these items, will show approximately what any church raised "for others."

Money raised for pastor's travel expense fund was reported first in 1953, and then only by charges. Circuit reports on this item for 1953 and 1954 were prorated among the churches of the circuit in this study.

Adjustment was necessary also in the case of circuit churches in money raised for incidental and church school expenses. Prior to 1955, "Table No. 3" combined these two items in a single column for circuit churches. In the present study the sums were redivided into the two original columns.

Caption is changed from time to time for column showing the item commonly known as "Benevolences," but it always includes a number of causes in the wide range of world service and conference benevolence. Since 1957 a number of causes previously reported separately have been included in this column.

Errors found in reports as published in the Journal are marked with an asterisk(*). Most of these occur in reporting membership change. A few are simple mistakes in addition or subtraction. In some cases the figures for churches on circuits were interchanged. When these are in the same county the county summary total is not affected. Actual gains and losses are used in computing net change for the period of study. In case of error, this does not coincide with the pastors' reports. Church school enrollment totals were copied as they were published and were not checked for accuracy.

When the number of members of the church school reported as having joined the church on profession of faith is larger than the number of members reported in Table 1-A as having been received on profession of faith, the entry is obviously an error and is marked with an asterisk in the column "Puplis join c." The number of additions on profession of faith is substituted in computing the total number of pupils joining the church in these cases.

When an error could be corrected, the incorrect figure was given in a footnote, by use of the number symbol (#). When entries were reversed for two or more churches on the same circuit, this study gives the correct figure for each church, with footnotes cited by the number symbol. The interested reader is referred to the Journal in each case where this error is indicated. Where an additional footnote is required, it is indicated by a dagger(†).

Sometimes the name of a church is spelled differently in different years. Effort was made to ascertain the correct spelling of these names. If the name is also a geographical one, reference was made to census reports or a reliable atlas for authentication.

Obvious errors in the financial table, as in the apparent dropping or adding of a zero, are corrected and the figures reported are shown in a footnote. The corrected figure was used in compiling the county summary totals and also in obtaining the total for the column.

A blank line is added to each table for each church. While it carries the stub "1960," it may be used for this or any subsequent year in any church for which further study of its PRODUCTION STORY is desired.
